## Commercial Grade

# ORALITE® 5400

**Glass bead reflective film** designed for production of traffic signs for medium-term outdoor exposure.

### Product benefits include:

- 'Allround' reflective film ideal for e.g. info boards and reflective advertising signs
- Weather proof
- 4 years outdoor durability
- PVC top surface for max flexibility
- Compliance to EN 12899-1
- Class RA1, design A
- Excellent printability
- Solvent-based ink jet printing
- Screen printing: we recommend ORALITE® 5018 screen printing ink
- Transparent coating is not necessary
- Excellent cutting properties

A Commercial Grade is also available with an alkyd resin surface (ORALITE® 5300, 7 years outdoor durability). The material is strictly intended for adhesion onto even metallic surfaces, such as aluminum and galvanized steel.

**ORALITE®**

### Engineered to Save Lives™
